Greetings:

I am contacting your agency to see how I can get my agency signed up and partnered through the 287G program. I am very excited to see that this program is being funded again. I would like to be a participating agency and would like to take the next steps to make this happen. I will be waiting to hear from you in the near future to make this happen.

Respectfully,

(b)(6);(b)(7)(C)

In regard to the below tasking, I have listed the agencies in Bucks County, PA that I have spoken with and the outcome at the moment. It is my belief that if any of the agencies below became a part of the 287(g) program, it would be a positive benefit to our Agency. Based on my experience in Bucks County, the below agencies have a higher volume of contacts with illegal aliens, and their participation would serve as a force multiplier, as the program is intended. Please let me know if you need anything further. Thanks!

(b)(6);(b)(7)(C)

Bucks County Correctional Facility (BCCF) – I spoke with Lieutenant (b)(6);(b)(7)(C) and he advised me that they just hired a new Warden, and he starts on Monday. Therefore, Lt. (b)(6);(b)(7)(C) requested that we call back shortly after the Warden begins, and inquire again.

Bensalem Police Department – Deputy Director (b)(6);(b)(7)(C) Director Fred Harran expressed that the department has a high interest in the program, and would like to receive further information.

Warminster Police Department – Chief Donnelly expressed that the department has a high interest in the program, and would like to receive further information.

Warrington Police Department – Chief Friel expressed that the department has a high interest in the program, and would like to receive further information.

Upper Southampton Police Department – Chief MacPherson indicated that he would get back to me within the next few days as to his interest. Stated that he wanted to “digest it a little more.”

Plumsteadville Police Department – Chief Hasenauner expressed interest and would like further information. The Chief did indicate that due to the small size of his Department, he could not foresee sending more than one officer to the required training.

Quakertown Police Department - I left message and have not yet heard back.

Central Bucks Regional Police Department – I left message and have not yet heard back.

Subject: Tasking for SDDOs - Please Respond by COB Tomorrow

This message is being forwarded on behalf of (b)(6);(b)(7)(C) Acting Field Office Director, Philadelphia Field Office:

Good morning, SDDOs!

Pursuant to the new Executive Order, we need to work together to quickly identify law enforcement partners within our Field Office who might be productive candidates for 287(g). For those of you assigned to CAP, FUGOps or VCAS with areas in which you are responsible, please respond per your respective AORs. Four things need to be reported:

1. Please identify the local law enforcement entities within your AOR
2. Whether contact was made by you with them to discuss 287(g) and when the contact was made
3. If the entity is or is not interested in finding out more about the program and/or wants to participate in the program
4. If the pursuit of the entity becoming part of 287(g) would/would not be beneficial to us (there may be positive/negative comments included)

Please immediately contact your respective Law Enforcement Agencies in your AORs and inquire if they are interested in 287(g). If they seem interested, advise that we will be reviewing our list of interested Agencies and we may coordinate in the future for someone (local field office and/or ICE HQ personnel) to come out and explain the program in more detail if they so desire. Also inform them that four weeks of training in South Carolina are required for those officers participating in the program.

Please provide your lists of potential 287(g) candidates to (b)(6);(b)(7)(C) by COB tomorrow, Friday, 2/3, with a CC: to both your AFOD and (A)DFOD.

Thank you,

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

The address to Bucks County Correctional Facility is 1730 S Easton Road, Doylestown, PA 18901. Also, the warden at BCCF is brand new (less than 2 weeks at this facility) and will need time to settle in. Therefore, I was advised to give it some time before reaching back out in regard to BCCF's interest in 287(g).

On another note, I see that Central Bucks Regional is listed below. Unless it's a facility I'm unaware of, Central Bucks Regional is a police department, not a facility.

Let me know if you need anything further.

Thanks,

(b)(6);(b)(7)(C)

Cc:
Subject: Meeting with Police Chief's

(b)(6);(b)(7)(C)

I received a call today from Warrington Township Police Chief Daniel Friel. During the call, Chief Friel advised me of a monthly meeting that takes place in Bucks County, and it encompasses top law enforcement officials throughout the county (i.e. Police Chiefs, Lieutenants, District Attorney's Office, etc.). Chief Friel estimated that approximately 60-70 people attend the monthly meeting. Due to my recent outreach to Chief Friel in regard to the 287g program, Chief Friel expressed that the monthly meeting might be a good opportunity to have someone from HQ come and give further guidance on the 287g program. Also, Chief Friel expressed that this would also be a good opportunity for me to introduce myself, and allow people to put a face with a name.

The next meeting will be on March 14th, from approximately 1130-1330. The location is still to be determined, but as of now, Chief Friel believes that it may take place at either the Bensalem Country Club or the Spring Mill Country Club.

If you could please advise if we would be able to have someone from the 287g program attend, I can then advise Chief Friel.

Thanks,

To: Phillip M. Shaffer
Subject: ICE 287(g) Program

Good afternoon Warden Shaffer,

Thanks for hearing what I had to say. I am soliciting many counties for their interest in the program, and I hope to have an ICE representative from Washington D.C. come to our area and present the program details soon. I will let you know how this progresses. Please contact me at any time.

Below is a summary of the 287(g) program:

The 287(g) program enhances the safety and security of communities by partnering with state and local law enforcement agencies (LEAs) to identify and remove criminal aliens. 287(g) authority allows state and local law enforcement entities to enter into a partnership with Immigration and Customs Enforcement (ICE) under a joint Memorandum of Agreement (MOA). The state or local entity receives delegated authority for immigration enforcement within their jurisdictions.

Currently, ICE has 31 established MOAs with partner LEAs in 16 states. Participation by state and local LEAs is voluntary, and delegation is granted only after Department of Homeland Security (DHS)/ICE approval and extensive training by ICE is completed. All delegated officers perform immigration enforcement functions under direct ICE supervision.

The 287(g) program serves as a force multiplier for ICE at the state and local level. Section 287(g) of the Immigration and Nationality Act provides the capability for DHS to delegate to state and local law enforcement officers the authority to enforce federal immigration law under a signed agreement between DHS and the LEA. The 287(g) program utilizes the Jail Enforcement Model to accomplish its mission:

- The 287(g) Jail Enforcement Model is designed to identify and process all criminal and other priority aliens arrested and booked into a detention facility. The Jail Enforcement Model is supervised by the local ICE Office of Enforcement and Removal Operations Field Office.

To improve 287(g) program operations, ICE has done the following:

- Implemented comprehensive guidelines for ICE field offices that supervise 287(g) partnerships,

prioritizing the arrest and detention of criminal aliens.

- Requires 287(g) officers to maintain comprehensive alien arrest, detention, and removal data in order to ensure enforcement efforts remain focused on criminal aliens, particularly those who pose the greatest risk to public safety.
- Strengthened the 287(g) basic training course and created a new refresher training course, providing detailed instruction on the terms and requirements of the MOA and the responsibilities of a 287(g) officer.
- Deployed additional supervisors to the field to ensure greater oversight over 287(g) operations.
- Established an Internal Advisory Committee, which includes the DHS CRCL, to review and assess ICE field office recommendations about pending 287(g) applications.

The Revised 287(g) MOA

- After extensive coordination between several ICE components to include ERO, Homeland Security Investigations, Office of the Principal Legal Advisor, Office of Professional Responsibility (OPR), Office of Policy, Office of Privacy, and the DHS CRCL, and with consideration given to recommendations made by OIG in their published report, OIG-11-19, The Performance of 287(g) Agreements FY 2011 Update, a new version of the MOA was created and approved in 2013.
- This updated document will ensure clarity, consistency and uniformity with current ICE policies and procedures and includes enhancements to the previous MDA relating to:
 - training requirements;
 - the OPR inspection review process;
 - program supervision;
 - ICE's civil immigration enforcement priorities;
 - civil rights standards;
 - complaint procedures;
 - release of information to the media;
 - the credentialing process;
 - statistical reporting requirements.

Oversight and Supervision

- ICE has increased its human capital resources to enhance 287(g) program's mission and objectives and implemented national training programs for ICE field personnel and Law Enforcement Agency (LEA) personnel.
- ERO currently has seven (7) National Program Managers in Washington, D.C. and twelve (12) Field Program Managers within close proximity to active MOAs, tasked with oversight and management.

Benefits

- By working together, local and federal officers can better identify and remove criminal aliens – a tremendous benefit to public safety.
- One of the biggest benefits to our 287(g) partners is that they are able to better identify individuals in custody.
- The 287(g) program continues to receive overwhelmingly positive feedback from its partners.
- Our state and local law enforcement partners have become a force multiplier, allowing ICE to actively engage more officers/agents into ongoing enforcement operations nationwide that require increased manpower.

Racial Profiling

- Racial profiling is simply not something that will be tolerated, and any indication of racial profiling will be treated with the utmost scrutiny and fully investigated. If any proof of racial profiling is uncovered, that specific officer or department will have their authority and/or agreement rescinded.
- In addition to the training these officers receive from their local departments, the 287(g) training includes coursework on multicultural communication and the avoidance of racial profiling.

287(g) Training Programs

- Prior to being delegated ICE immigration authority, selected state and local officers must attend and successfully complete ICE’s 287(g) Immigration Authority Delegation Program (IADP), which is the 287(g) basic training course.
- The basic training program is four weeks in duration and includes coursework in immigration law, the use of ICE databases, multi-cultural communication and the avoidance of racial profiling. This training is conducted at Federal Law Enforcement Training Center – Charleston.
- Additionally, every two years, every 287(g) state and local officer must return to the Federal Law Enforcement Training Center in Charleston, SC and successfully complete Immigration Authority Delegation Refresher Training Program (IADRP).

Thank you,

(b)(6);(b)(7)(C)

Subject: 287(g) Program Outreach

The following message is sent on behalf of (b)(6);(b)(7)(C) ***Acting Assistant Director for Enforcement, with the concurrence of*** (b)(6);(b)(7)(C) ***Acting Assistant Director for Field Operations:***

To: Field Office Directors and Deputy Field Office Directors

Subject: 287(g) Program Outreach

The President's Executive Order, entitled *Border Security and Immigration Enforcement Improvements*, provides direction to "take appropriate action to engage with ... local officials for the purpose of preparing to enter into agreements under section 287(g) of the INA." To that end, each Field Office Director (FOD) will examine their local operational needs and conduct liaison with potential 287(g) partners. As outreach occurs, these efforts will be reported by the FOD's delegate to the 287(g) Headquarters Unit group mailbox at ERO287g@ice.dhs.gov.

The requirements for bringing new partners before the Program Advisory Board are:

- Memorandum of interest from the requesting agency
- Needs Assessment
- Letter of Support from the FOD

If you have any questions, please contact your local 287(g) Field Program Manager or the acting 287(g) HQ Unit Chief (b)(6);(b)(7)(C) at (202) 732-(b)(6);(b)(7)(C)

Subject: Potential ICE 287(g) - Immigration Training

Sir,

Would you mind reaching out to the various Chief of Police Associations and forward the information below? ICF is bringing back the 287(g) program, which basically cross designates local law enforcement to determine alienage and legal status of subjects encountered in the field, in an effort to assist local ICE offices. There will more than likely be a local ICE officer(s) designated as a point of contact & advisor. The training is offered in Charleston, SC and is four weeks long. Right now there is nothing set in stone, but they wanted the officers to reach out to our local counterparts and inquire whether or not there would be any interest. If the program gathers enough responses and interest, training would be planned and scheduled at that point. There is no set number of slots available and the training would cover police departments from all over the country.

If there is significant interest here in Pittsburgh and the surrounding areas, I will work with my supervisor to arrange a meeting with those departments to explain the program in more detail before selections are made.

If there is any interest, the individual departments can respond to me or SDDC (b)(6);(b)(7)(C). His contact info is also in the email below. Please tell the departments to get back to us at their earliest convenience.

Thank You!

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

Pursuant to the new Executive Order, we have been tasked with identifying law enforcement partners within our AOR who might be interested and productive candidates for the 287(g) program.

- a. Identify the local law enforcement entities within our AOR.
- b. When the contact was made.
- c. If the entity is or is not interested in finding out more about the program and/or wants to participate in the program.

Below is updated Facts on ICF's 287(g) Program.

Please reach out to your POC at the Western PA Chiefs of Police association and request that the information be forwarded to their members to assist in helping to identify interested law enforcement entities within the AOR.

If there is a level of interest, we may coordinate in the future for someone (local field office and/or ICE HQ personnel) to come out and explain the program in more detail if they so desire during a Chiefs of Police Association meeting.

Updated Facts on ICE's 287(g) Program

Summary

The Department of Homeland Security (DHS) Office of the Inspector General (OIG) conducted a review of the 287(g) delegation of authority program during the period from February 2009 through July 2009, and published its findings in March 2010. In September of 2012, DHS OIG released their report entitled "The Performance of 287(g) Agreements FY 2012 Follow-Up".

Since the audits were conducted, ICE has closed out all recommendations for both audits based on revisions to the 287(g) program in furtherance of strengthening public safety and ensuring consistency in immigration enforcement across the country by prioritizing the arrest and detention

of criminal aliens.

To improve 287(g) program operations, ICE has done the following:

- Implemented comprehensive guidelines for ICE field offices that supervise 287(g) partnerships, prioritizing the arrest and detention of criminal aliens.
- Requires 287(g) officers to maintain comprehensive alien arrest, detention, and removal data in order to ensure enforcement efforts remain focused on criminal aliens, particularly those who pose the greatest risk to public safety.
- Strengthened the 287(g) basic training course and created a new refresher training course, providing detailed instruction on the terms and requirements of the MOA and the responsibilities of a 287(g) officer.
- Deployed additional supervisors to the field to ensure greater oversight over 287(g) operations.
- Established an Internal Advisory Committee, which includes the DHS CRCL, to review and assess ICE field office recommendations about pending 287(g) applications.

The Revised 287(g) MOA

- After extensive coordination between several ICE components to include ERO, Homeland Security Investigations, Office of the Principal Legal Advisor, Office of Professional Responsibility (OPR), Office of Policy, Office of Privacy, and the DHS CRCL, and with consideration given to recommendations made by OIG in their published report, OIG-11-19, The Performance of 287(g) Agreements FY 2011 Update, a new version of the MOA was created and approved in 2013.
- This updated document will ensure clarity, consistency and uniformity with current ICE policies and procedures and includes enhancements to the previous MDA relating to:
 - training requirements;
 - the OPR inspection review process;
 - program supervision;
 - ICE's civil immigration enforcement priorities;
 - civil rights standards;
 - complaint procedures;
 - release of information to the media;
 - the credentialing process;
 - statistical reporting requirements.

Oversight and Supervision

- ICE has increased its human capital resources to enhance 287(g) program's mission and objectives and implemented national training programs for ICE field personnel and Law Enforcement Agency (LEA) personnel.
- ERO currently has seven (7) National Program Managers in Washington, D.C. and twelve (12) Field Program Managers within close proximity to active MOAs, tasked with oversight and management.

Benefits

- By working together, local and federal officers can better identify and remove criminal aliens – a tremendous benefit to public safety.
- One of the biggest benefits to our 287(g) partners is that they are able to better identify individuals in custody.

- The 287(g) program continues to receive overwhelmingly positive feedback from its partners.
- Our state and local law enforcement partners have become a force multiplier, allowing ICE to actively engage more officers/agents into ongoing enforcement operations nationwide that require increased manpower.

Racial Profiling

- Racial profiling is simply not something that will be tolerated, and any indication of racial profiling will be treated with the utmost scrutiny and fully investigated. If any proof of racial profiling is uncovered, that specific officer or department will have their authority and/or agreement rescinded.
- In addition to the training these officers receive from their local departments, the 287(g) training includes coursework on multicultural communication and the avoidance of racial profiling.

287(g) Training Programs

- Prior to being delegated ICE immigration authority, selected state and local officers must attend and successfully complete ICE’s 287(g) Immigration Authority Delegation Program (IADP), which is the 287(g) basic training course.
- The basic training program is four weeks in duration and includes coursework in immigration law, the use of ICE databases, multi-cultural communication and the avoidance of racial profiling. This training is conducted at Federal Law Enforcement Training Center – Charleston.
- Additionally, every two years, every 287(g) state and local officer must return to the Federal Law Enforcement Training Center in Charleston, SC and successfully complete Immigration Authority Delegation Refresher Training Program (IADRP).

Thank you

Good afternoon Chief Fromlak,

Thanks for your interest in the ICE 287(g) program . We are currently soliciting many local Law Enforcement Agencies for their interest in the program, and I hope to have an ICE representative from Washington D.C. come to our area and present the program details soon. I will let you know how this progresses. Please contact me or Officer Duda at any time.

Below is a summary of the 287(g) program:

The 287(g) program enhances the safety and security of communities by partnering with state and local law enforcement agencies (LEAs) to identify and remove criminal aliens. 287(g) authority allows state and local law enforcement entities to enter into a partnership with Immigration and Customs Enforcement (ICE) under a joint Memorandum of Agreement (MOA). The state or local entity receives delegated authority for immigration enforcement within their jurisdictions.

Currently, ICE has 31 established MOAs with partner LEAs in 16 states. Participation by state and local LEAs is voluntary, and delegation is granted only after Department of Homeland Security (DHS)/ICE approval and extensive training by ICE is completed. All delegated officers perform immigration enforcement functions under direct ICE supervision.

The 287(g) program serves as a force multiplier for ICE at the state and local level. Section 287(g) of the Immigration and Nationality Act provides the capability for DHS to delegate to state and local law enforcement officers the authority to enforce federal immigration law under a signed agreement between DHS and the LEA. The 287(g) program utilizes the Jail Enforcement Model to accomplish its mission:

- The 287(g) Jail Enforcement Model is designed to identify and process all criminal and other priority aliens arrested and booked into a detention facility. The Jail Enforcement Model is supervised by the local ICE Office of Enforcement and Removal Operations Field Office.

To improve 287(g) program operations, ICE has done the following:

- Implemented comprehensive guidelines for ICE field offices that supervise 287(g) partnerships, prioritizing the arrest and detention of criminal aliens.
- Requires 287(g) officers to maintain comprehensive alien arrest, detention, and removal data in order to ensure enforcement efforts remain focused on criminal aliens, particularly those who pose the greatest risk to public safety.
- Strengthened the 287(g) basic training course and created a new refresher training course, providing detailed instruction on the terms and requirements of the MOA and the responsibilities of a 287(g) officer.
- Deployed additional supervisors to the field to ensure greater oversight over 287(g) operations.
- Established an Internal Advisory Committee, which includes the DHS CRCL, to review and assess ICE field office recommendations about pending 287(g) applications.

The Revised 287(g) MOA

- After extensive coordination between several ICE components to include ERO, Homeland Security Investigations, Office of the Principal Legal Advisor, Office of Professional Responsibility (OPR), Office of Policy, Office of Privacy, and the DHS CRCL, and with consideration given to recommendations made by OIG in their published report, OIG-11-19, The Performance of 287(g) Agreements FY 2011 Update, a new version of the MOA was created and approved in 2013.
- This updated document will ensure clarity, consistency and uniformity with current ICE policies and procedures and includes enhancements to the previous MOA relating to:
 - training requirements;
 - the OPR inspection review process;
 - program supervision;
 - ICE's civil immigration enforcement priorities;
 - civil rights standards;
 - complaint procedures;
 - release of information to the media;
 - the credentialing process;
 - statistical reporting requirements.

Oversight and Supervision

- ICE has increased its human capital resources to enhance 287(g) program's mission and objectives and implemented national training programs for ICE field personnel and Law Enforcement Agency (LEA) personnel.
- ERO currently has seven (7) National Program Managers in Washington, D.C. and twelve (12) Field Program Managers within close proximity to active MOAs, tasked with oversight and management.

Benefits

- By working together, local and federal officers can better identify and remove criminal aliens – a tremendous benefit to public safety.
- One of the biggest benefits to our 287(g) partners is that they are able to better identify individuals in custody.
- The 287(g) program continues to receive overwhelmingly positive feedback from its partners.
- Our state and local law enforcement partners have become a force multiplier, allowing ICE to actively engage more officers/agents into ongoing enforcement operations nationwide that require increased manpower.

Racial Profiling

- Racial profiling is simply not something that will be tolerated, and any indication of racial profiling will be treated with the utmost scrutiny and fully investigated. If any proof of racial profiling is uncovered, that specific officer or department will have their authority and/or agreement rescinded.
- In addition to the training these officers receive from their local departments, the 287(g) training includes coursework on multicultural communication and the avoidance of racial profiling.

287(g) Training Programs

- Prior to being delegated ICE immigration authority, selected state and local officers must attend and successfully complete ICE’s 287(g) Immigration Authority Delegation Program (IADP), which is the 287(g) basic training course.
- The basic training program is four weeks in duration and includes coursework in immigration law, the use of ICE databases, multi-cultural communication and the avoidance of racial profiling. This training is conducted at Federal Law Enforcement Training Center – Charleston.
- Additionally, every two years, every 287(g) state and local officer must return to the Federal Law Enforcement Training Center in Charleston, SC and successfully complete Immigration Authority Delegation Refresher Training Program (IADRP).
